Dear Gary,

After thinking it over, I decided it was necessary to send Maggie copies of the Lifton letters. It is not simply because he has been maligning her for some years. It is also because of the importance of the entire matter.

I think you should know that for some time Burton has been concerned about how Lifton manages to learn some of the things he does, and Steve told me last February, when no one knew where I was staying and Lifton called me there, that he had to have a source among those Steve trusted.

If you take the best, or most charitable view, you have to consider he may be a very wrong guy. Or, you take take a Vince view. Or, as I regard most likely, he is sick. Either way, or any, I think Maggie must know what these letters can tell her.

I do thank you for sending them, if earlier I forgot.

Sincerely,
